CONCESSION TO VERNER

PITTSBURGER FINALLY GETS WHAT HE WANTS FROM THE CZAR.

Forms a Partnership with a Russian and Will Build Railways Costing About One Hundred Millions.

ST. PETERSBURG, Aug. 8.-Since M. A. Verner, of Pittsburg, Pa., was granted a concession here last May for the establishment of an electric railroad from St. Petersburg to a suburb of the city, the entire street-railway situation in St. Petersburg has changed. Mr. Verner has formed a partnership with Engineer Batinsky, who last year demanded a concession for an elevated railroad fifty-nine miles long, to cost \$98,000,000. Batinsky secured an interview with the Czar, who demanded the documents of the tramway commission and ndorsed them with a recommendation of concession to the financiers of the project,

which virtually meant Mr. Verner. M. De Witte, minister of finance, and Mr. Verner immediately began negotiating terms upon which the value of the concession would depend.
